Dear Clients,

We are pleased to announce that the Managing Director and Founder of our Firm, Mr. Iosif Frangos, participated in the International Wealth Forum in Tbilisi, Georgia on the 6th of June 2018.

The International Wealth Forum gathered more than 150 participants from 20 countries, the biggest consulting companies and family offices mainly providing services in wealth management, residency and second citizenship programs, immigration, tax optimization, company formation and business restructuring in different jurisdictions.

Among other top European speakers, Mr. Iosif Frangos proudly presented Cyprus as a favorable option for acquiring Citizenship through Investment. He highlighted the benefits of Cypriot citizenship as well as the flexible legal regime in place with all the advantages which this entails.

He outlined clearly the requirements of the "Scheme for Naturalization of non-Cypriot investors by exception" and analyzed the investment and real estate specifications. By comparing Cyprus to other countries' citizenship through investment regimes, he left no doubt that Cyprus is the best option.

It is the policy of our firm to participate actively in various European and International forums with the prospect of creating an expanded network of contacts worldwide. This was achieved once again through the participation in the International Wealth Forum in Georgia, with the establishment of prosperous relations with various contacts and a profound interest towards our firm.
