Expertise

Litigation & Dispute Resolution

Our lawyers advise and represent clients in a wide range of domestic and cross-border disputes, including litigation and other forms of alternative dispute resolution.

The team has extensive experience in high-value cross-border litigation and arbitration, acting in complex commercial disputes with an international dimension. Our work commonly involves company and shareholder disputes, trust and fiduciary conflicts, insurance and reinsurance matters, white-collar and fraud-related cases, asset tracing and recovery, breaches of commercial agreements, marine and admiralty claims, and disputes arising from international trade. We are regularly instructed in urgent and strategically sensitive proceedings, where we secure tailored interim measures, including freezing and protective orders, receiverships, Anton Piller orders, Norwich Pharmacal orders, and other injunctions designed to protect assets, preserve evidence, or maintain the status quo.

Mergers & Acquisitions

Our firm advises local and international clients on a broad range of M&A transactions, including share deals, asset acquisitions, joint ventures, reorganisations, and strategic investments. Where relevant, our M&A support also covers real estate-driven transactions, including acquisitions and disposals involving property-holding entities, development structures, and transaction support linked to underlying assets.

We assist throughout each stage of the transaction, including structuring, due diligence coordination, drafting and negotiating transaction documents, managing conditions precedent, and supporting completion and post-completion steps in collaboration with the parties and advisors involved.

Corporate Services & Governance Support

Our Corporate team is your comprehensive solution for the structuring and ongoing governance of corporate vehicles in Cyprus, Greece and selected jurisdictions. We work closely with clients and others advisers to implement efficient and compliant corporate frameworks.

We specialise in company incorporations and corporate reorganisations, day to day management and ongoing statutory compliance. Where required, we support nominee and fiduciary arrangements in accordance with applicable legal and regulatory standards.

We also offer a comprehensive suite of financial services, including bookkeeping, VAT and reporting, payroll administration and audit coordination, seamlessly aligned with our clients' needs.

Funds

We advise fund sponsors, managers, trustees and investors on the establishment, regulation, compliance and operation of investment funds, including alternative and regulated collective investment schemes, in Cyprus, Greece and internationally.

Our work covers structuring, licensing, regulatory compliance, governance and transactional support tailored to fund strategies and market requirements.

Real Estate

We advise individuals and businesses on all aspects of real estate transactions in Cyprus, Greece and selected jurisdictions, combining local property knowledge with cross-border experience. Our work covers the full lifecycle of residential and investment deals, including acquisitions, disposals, leasing, under-construction projects and transactions without issued title deeds.

We focus on clear, practical guidance that helps clients manage risk, navigate regulatory requirements and complete transactions efficiently. Working closely with other practice areas and coordinating with overseas advisers where needed, we support our clients from first-time buyers to experienced investors.

Immigration

We advise individuals, investors and businesses relocating, working or investing in Cyprus, Greece and selected jurisdictions on all aspects of immigration and regulatory requirements. We provide strategic guidance on work permits, residency and citizenship applications, including permanent residency by investment, temporary residence, family reunification and naturalisation.

By integrating immigration advice with corporate, tax and private client considerations, we ensure that our clients' immigration status aligns with their wider personal and commercial objectives while maintaining full compliance with applicable national and EU regulations.

Private Client

Trust and Fiduciary Services

We provide bespoke trust and fiduciary solutions to help clients manage, protect, and administer assets according to their strategic, succession, and estate planning goals. Our services include forming and administering trusts and foundations, acting as professional trustees and fiduciaries, liaising with banks, beneficiaries, and advisers, and ensuring compliance with legal and regulatory requirements.

We operate with the highest standards of confidentiality and integrity, designing structures that support asset preservation, governance, and long-term wealth objectives across jurisdictions.

Wealth Management

We advise high-net-worth individuals, families, and family offices on structuring, preserving, and transferring wealth across multiple jurisdictions. Our expertise covers estate and inheritance planning, tax efficiency, residency and domicile matters, and governance of family businesses and other assets.

Our approach is discreet, pragmatic, and commercially focused, safeguarding wealth, supporting long-term family objectives, and aligning with applicable legal requirements.

Financial Services and Regulation

We advise regulatory frameworks applicable to investment services and capital markets activities, supporting clients with regulatory structuring, licensing considerations, corporate governance, and ongoing compliance. Where appropriate, we also support engagement and liaison with competent authorities and other stakeholders on regulatory queries, submissions and ongoing obligations.

Our advice is practical and risk-focused, helping clients implement compliant processes while maintaining operational efficiency.

Banking & Financial Infrastructure

Our Banking and Finance team advises lenders, borrowers and financial institutions on domestic and cross-border financing transactions, including single-lender and syndicated facilities, secured and unsecured lending, restructurings and refinancings. We provide clear, commercially focused advice on complex and time-sensitive matters.

Our experience spans loan and security documentation, project and asset finance, trade finance, guarantees, perfection and registration requirements, as well as legal due diligence and formal legal opinions. We assist clients in navigating sophisticated financing structures efficiently and in full compliance with applicable legal frameworks.

Regulatory, Compliance & Advisory

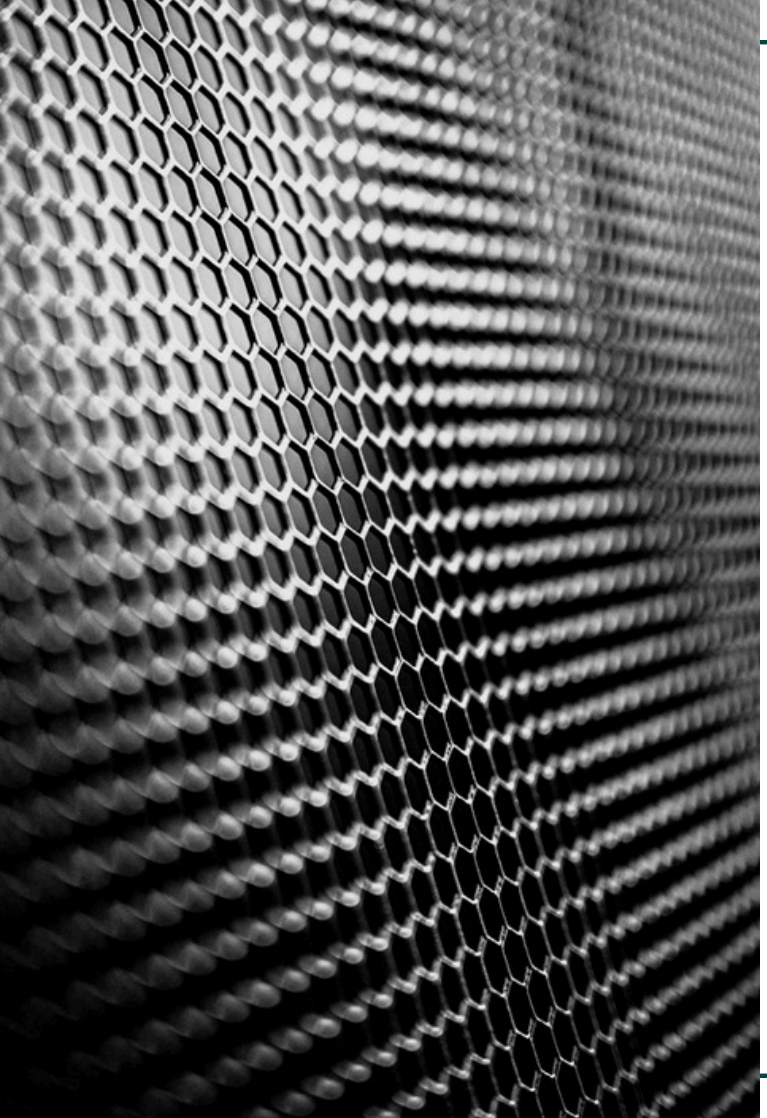
We ensure that clients remain fully compliant with applicable national European and international regulatory requirements, including AML, corporate governance, supervisory obligations and beneficial ownership reporting. Our work covers day-to-day compliance support, risk assessments, due diligence, policy implementation, sanctions matters and alignment with the evolving legal framework.

With strong knowledge of EU-based regulatory system and FATF-driven standards, we provide practical, accurate and timely guidance that helps clients operate securely, transparently and in full accordance with their legal and supervisory obligations.

Corporate and Personal Taxation & International Tax Planning

Our firm specializes in designing and implementing tax-efficient strategies for cross-border transactions and business operations. Our team of tax experts is committed to assisting clients in navigating compliance requirements, optimising their tax liabilities, and identifying valuable tax-saving opportunities.

In today's complex corporate environment, effective tax planning from the outset is more crucial than ever. We provide personalized, case-specific advice to ensure your financial strategies are both compliant and advantageous.



Technology, IP & Data Protection

We advise clients on legal and regulatory matters relating to technology, digital operations and intellectual property across Cyprus, Greece and the EU. Our work covers technology transactions, including software and hardware licensing, cloud and SaaS arrangements, e-commerce, fintech and digital assets, as well as AI governance and compliance with evolving EU regulatory frameworks. We also advise on regulatory structuring and supervision matters relating to fintech activities and Electronic Money Institutions (EMIs).

We assist with the protection, management and commercialisation of intellectual property rights, including trademarks, copyright, designs, patents (with specialist agents), trade secrets and know-how, and provide support in structuring ownership and licensing arrangements in employment, contractor and commercial contexts.

We also provide comprehensive support on data protection and GDPR compliance, including privacy policies, data processing agreements, international transfer arrangements, DPIAs and incident response. Where required, we support the appointment and operation of a Data Protection Officer (DPO) and/or EU Representative, and advise on regulatory engagement and supervision in technology-driven and regulated environments.

Energy & Renewables

We advise developers, investors, financiers, utilities and service providers across power, renewables and oil & gas on regulatory, commercial and transactional matters. We provide practical, execution-driven support aligning permits, grid connection, contracting and financing to move projects efficiently to operation.

We handle licensing, EPC/O&M contracting, PPAs, LNG import arrangements, joint ventures, project finance and due diligence, plus market compliance, risk management, ESG and disputes. Our clear, commercial approach helps clients deliver bankable and operationally robust energy assets.

Maritime

We support shipowners, operators, brokers, managers, traders, insurers, financiers and other maritime professionals with comprehensive legal advice on international shipping matters. Our team assists across the full lifecycle of a vessel—from acquisition, registration and financing to day-to-day trading, incidents, disputes and eventual disposal—helping clients manage operational, contractual and regulatory risk.

We provide fast, practical guidance on chartering, vessel registration, ship finance, tax structuring, compliance, sanctions, insurance and employment matters, ensuring vessels remain commercially operational while safeguarding assets and relationships.

Financial Regulatory & Licensing

Our firm provides legal advice and regulatory consulting to firms/clients seeking authorisation and ongoing compliance in Cyprus. We guide clients through the full licensing process, from structuring and regulatory analysis to application submission and post-licensing support.We focus on assisting firms with authorisation as Crypto-Asset Service Providers (CASPs) under the Markets in Crypto-Assets Regulation (MiCA), covering all key regulatory and operational requirements.

We also support the establishment and licensing of investment funds, including Alternative Investment Funds (AIFs) and Reserved Alternative Investment Funds (RAIFs), where relevant to broader structuring needs.Working closely with the Cyprus Securities and Exchange Commission (CySEC), we ensure a smooth and efficient process, with strong attention to governance, AML/CFT compliance, and regulatory expectations.
